POLYAIR
Durabubble

Durabubble

Durabubble Protected

Durabubble's unique structure provides outstanding cushioning and protection. Durabubble gives you the confidence that your products will arrive safely.

Samples included:

- **Durabubble Roll Stock:** $\frac{3}{16}$ " , $\frac{5}{16}$ " and $\frac{1}{2}$ " clear and anti-static roll stock
- **Endurabubble:** has a third web of film – superior strength, rigidity, puncture resistance
- **Endurabubble High Slip:** high-density third layer – perfect for our furniture wrap
- **Durakraft:** kraft paper to Durabubble – moisture and cushioning protection
- **Flexfoil:** foil to bubble – insulation – commercial and residential
- **Metalized:** metalized to bubble to poly – insulation for packaging – rolls and pouches
- **E-Z Seal Pouches:** increases packing speeds and reduces material costs

Also available:

Durabond: cohesive bubble – bonds to itself, not to product

Duramask: adhesive bubble – bonds to products of any shape – no residue

Polyair carries a complete line of bubble products beyond the samples in this kit.

Be sure to ask your representative for more information on our specialized and custom products.

Starfoam

Starfoam Protected

Advanced manufacturing technology means Starfoam is highly resistant to punctures, tears and impact and provides excellent surface protection and cushioning for everything from furniture to auto parts. Made from low-density polyethylene without the use of CFCs or HCFCs.

Samples included:

- **Starfoam Roll Stock:** 1/48", 1/32", 1/16", 3/32", 1/8", 3/16", 1/4" and 1/2" flat – white or blue or anti-static
- **Lamifoam:** high performance poly laminate – rolls or pouches
- **Starnet:** adds fiber mesh for tear-proof performance – ideal exterior packaging material
- **Vented:** star traps allow products to breath and vent
- **Ridged:** ideal for interweave or tubing
- **Tubing:** wrap heavier items and avoid multi-steps and redundant materials

Also Available:

Starbond: cohesive foam – bonds to itself, not product – can be reapplied

Starmask: adhesive foam – bonds to products of any shape – no residue

Polyair carries a complete line of foam products beyond the samples in this kit.

Be sure to ask your representative for more information on our specialized and custom products.
